Jessica –

When I talked with Ken Rooney yesterday, I told him I would try to follow up this morning. Please let me know from your review of what I sent you late yesterday what you would like for me to send on to Ken. He is interested in what went into EPA's decision to make this a "special case". If we have a statement that you and Suzanne worked on that you would like for me to share, that would be fine. I am working flexiplace today and can be reached on my EPA cell phone at 415.760.9170 if you wish to discuss.
